

# Term 5 Homework

## End of term message

We have LOVED learning about space this term - learning about the world beyond Earth has been fascinating and the children have produced some of their best pieces of work yet.

Next term is even busier - fitness week and a transition morning being just two of the events to look forward to. We can't wait to get stuck in!

## Homework

Your task is to research 'Ancient Greece' and present your findings in any way you like!

- presentation
- poster
- sketch/painting
- information text
- story
- watch - Herules

## Maths

Please continue to practice times  
Tables on TT Rock Stars!

## At home reading

We will be CHECKING READING JOURNALS twice weekly next term as some children have dropped out of the habit of signing their diary. Please support us by reading with your child and encouraging them to sign their own reading journal.
