

FUNDRAISING GROUP

LITTLE EATON PRIMARY SCHOOL

The fundraising group would firstly like to welcome everybody back; we hope that you are all well and safe in what have been unprecedented times. It is wonderful to see the children settling back in school and we hope that all the hardworking wonderful teachers we have at Little Eaton had a restful break over the summer!

We would like to thank you all for your continued help and support over the years. As busy parents/carers we never take for granted the many wonderful talents and support that you so willingly volunteer. As a small school community we should be immensely proud of what we have achieved.

Many of the purchases we have made make a huge contribution to the day-to-day running of the school,

EVENTS

Like so many other events this year we have unfortunately had to cancel many of our usual fundraising activities, but have been busy thinking of alternative ideas, which we could run for the children to get involved in. As with everything taking place, we have to take into consideration relevant guideline as required , and may have to make amendments/changes

PUMPKIN CARVING COMPETITION

We would love for as many of the children to get involved in a pumpkin carving competition. Pumpkins can be bought into school for display outside on **Thursday 22nd October**,. £1 to enter and prizes for each year group!

HALLOWEEN TRAIL

After the popularity of our Easter trail last year we have decided to do a spooky version! We will have available to purchase a fun trail to do over half term, again prizes to be won and something we hope the children and community may want to take part in

"ELFRIDGES"

As with our sales we host for Mother's and Father's day , this year we will be giving the opportunity for children to purchase some pressies for Christmas! We know how much they enjoy going "shopping" at our other events , this is held in school time for the children to choose their gift to give
