## **Policy & Guidance on Safe Use of Children's Photographs**

### **1. Introduction**

Little Eaton, in common with all others, needs and welcomes positive publicity. Children's photographs add colour, life and interest to materials and articles promoting school activities and initiatives. This can increase pupil motivation, staff morale and help parents and the local community identify and celebrate the school's achievements.

However, in order to respect young people's and parents' rights of privacy and because of potential child protection issues, photographs must be used in a responsible way.

Little Eaton School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share in this commitment.

This policy seeks to achieve a practical balance to secure the above.

### **2. Data Protection Act**

Under the terms of the Data Protection Act 1998 images of pupils (or staff) must not be displayed in a public place without consent. This includes publications such as the school prospectus, website or areas in the school where visitors have access.

### **3. General rules on using photographs of individual children**

- Parental consent must be obtained before any photographs are taken of a child in school.
- Images of children in suitable dress will be used – photos of children engaged in PE or swimming present a greater risk of potential misuse. In these cases the content of the photograph should focus on the activity, not a particular child; should avoid full face and body shots. For example, shots of children in a pool or shoulder up would be appropriate.
- We will ensure images are used only by those authorised to do so.
- Ensure file names given to electronic images of pupils do not identify the child, e.g.maryjones.jpg

### **4. Newspapers**

- As long as parental consent has been secured newspapers may publish photographs of pupils but must not publish names alongside them. They may however refer to group photographs collectively e.g. Class AB or Little Eaton Year 6 football team.
- Pupils must not be approached or photographed whilst at school (or engaged in school activities outside school) without the permission of a member of staff

### **5. Websites**

- The parental consent form includes publication on the school website.
- The school will only use photographs of groups or individuals where individual children cannot be identified by name.

### **6. Video & Filming**

- The appropriateness of photographic images earlier outlined also applies to video/film images.
- We recognise that parents, carers and family members wish to record events such as school plays, sports days etc to celebrate their child's achievements. However it is important that such records remain private and for their own personal use.

## **7. Commercial & Outside Photographers**

- Will be given a clear brief about what is considered appropriate in terms of content and behaviour.
- Will not have unsupervised access to children or one-to-one photo sessions at events.
- Will not solicit photo sessions outside the event or at a pupil's home.

## **8. Camera Phones**

- Camera phones may be used at school events as outlined in 6 above. It is not acceptable for camera phones to be used under any other circumstances.

## **9. Parental Consent**

- From March 2010, and thereafter on admission of a pupil to the school, parents/carers will be asked to sign a photography consent form which makes clear the school's policy, especially:
  - i) How and where photographs will be used
  - ii) The period of consent
- Parents may change their consent at any time by instructing the school in writing.

## **10. Complaints Procedures**

- Parents should follow the school's normal parental complaint procedures in most cases. In the case of concerns regarding the use of photographs by the press, they should contact the Press Complaints Commission or the Office of Communications (OFCOM) in the case of TV companies.

## **11. Review**

This policy will be reviewed by the Governing Body annually in line with the child protection policy, in view of the continual advances in technology and in response to significant views expressed by parents, staff and pupils.

**Little Eaton Primary School** would like to take photographs and or video recordings of pupils whilst they attend the school to celebrate their achievements and successes.

Still or moving images may be published in our printed publications (e.g. School prospectus, newsletters) and/or on our external website ([www.littleeaton.derbyshire.sch.uk](http://www.littleeaton.derbyshire.sch.uk)). They may also be used to promote the good educational practice of the school to other teachers, e.g. at training events organised by the Local Education Authority or national education/government institutions.

Children's names will never be published alongside their photograph externally to the school. Names may be used internally, for example – on a display.

Photographs / videos may also be published *for internal use only*, as part of children's regular classroom work e.g. on classroom displays, within multimedia projects (e.g. PowerPoint), on the school's internal network and to share educational achievements with parents, e.g. video presentation of a school trip.

Electronic images, whether photographs or videos, will be stored securely on the school's network which is accessible only by authorised users.

Before using any photographs/videos of your child we need your permission. Please answer questions 1 to 5 below, then sign and date the form where indicated.
