

SILVER AND GOLD

(Echo in blue)

You don't need a metal detector
to find the greatest treasure.,
You don't need a spade to dig,
Deep into the ground.
You don't need to find a pirate ship.,
Sailing across the ocean blue

All you've got to do is,
Open your eyes
And look around
(open your eyes)
Your world is full of treasure
(what do you see)
Your treasures are your friends
(they are your friends)

So (I love my friends)
make new friends (Yeah!)
But keep the old
(I want my friends)
The One is silver
(Yeah)
And the other is Gold
(I need my friends)
That's the wisest thing I've been told
make new friends
But keep the old
The One is silver
And the other is Gold

Sometimes friends will argue and fight
About things which aren't important
Sometimes friends can let you down
Leaving you upset
If you feel that you don't understand,
Yet you don't want to lose your friends.

All you've got to do is
Try to forgive,
And to forget (try to forgive)
Just try to make amends (try to forget)
Remember they're your friends
(they are your friends)

And (I love my friends)
make new friends (Yeah!)
But keep the old
(I want my friends)
The One is silver
(Yeah)
And the other is Gold
(I need my friends)
That's the wisest thing I've been told
make new friends
But keep the old
The One is silver
And the other is Gold

(RAP)
Make new friends
But keep the old
The one is Silver
And the other gold
That's the wisest thing
I've been told
About my silver and gold.

Silver and Gold (Silver and Gold)
My new friends and old (new friends and old)
They are my greatest treasure (Ohhh!)
They are my hours of pleasure (Ohhh!)
How sad it would be if
I never could be with
My most precious treasure (My most precious
Silver and...)
My Silver and gold (gold...)
