13th May 2025

Dear Parents/Carers,

I am writing to inform you that we will be covering sex and relationship education over the next couple of weeks.

We will mainly be using BBC and twinkle resources and following the statutory programme of study. Mr Thomasson and Mrs Dallison will be delivering the lessons which will include:

- how our bodies change through puberty;
- how our thoughts and feelings change and develop through puberty;
- body image and how influences around may affect the way we feel about ourselves;
- what a loving relationship is;
- what a sexual relationship is;
- human reproduction and contraception.

For some work, the girls and boys will be split into single gender groups.

Please feel free to contact Mr. Thomasson or myself with any questions, concerns or queries regarding the work: headteacher@litleeaton.derbyshire.sch.uk

Many thanks for your support.

Paul Schumann

Year 6: Scheme of Work for Sex and Relationships Education
Title: Preparing for Change
