

Welcome to Dolphins Class!

September 2022

Welcome to the Dazzling Dolphins class

The adults working with our class will be Miss Theobald, Mrs Askew, Miss Holland and Mrs Butler.

Our learning in September and October:

Our main topic this term will be 'ourselves'. During this half term we will be exploring our school and local area. We will be following maps as well as creating our own. The children will be exploring the village during a village walk to help them with their map reading skills. Throughout this half term we will also be looking at the human body and exploring our senses through practical activities. Our Design and Technology session will be looking into what makes a healthy meal and how we can get the different food groups in our diet. We will be making our very own dips and evaluating the end product.

English:

During this half term we will be exploring a number of texts including 'We're going on a Bear Hunt and Pumpkin Soup'. The focus will be on story structure and basic sentence writing. We will have a big focus on the use of capital letter, full stops and finger spaces as well as correct letter formation.

Maths:

In maths we will be focusing on place value and ordering numbers to 10. We will also be working on using these numbers to perform simple equations. During our mental maths we will be focusing on finding one more and one less than a number between 1 and 10.

Supporting learning at home:

Reading is really important for all children, it is advised to try and read 5-10 minutes everyday, this may mean reading a book more than once. It is important to fill in the reading diary so that we know how your child is getting on at home. In year 1 we will be learning a set of new phonic sounds, these will be sent through Tapestry once we have covered them in school. In the front of the reading diaries you will find your child's Numbots login. It would be great if your child could access this at home as it will support them with the maths we are doing in school. Homework will be set half termly, you will be sent a green homework book with a selection of tasks in. These are ideas of things you could do at home to consolidate the work that is happening in school. There is no pressure to complete all or even any of the tasks, they are there for anyone that wants them.

Useful information:

PE: Every child needs PE kit at school every day – arrangements do change so please make sure kit is here all the time. As the weather gets colder, we will still go outside so some warm trousers and a hooded jacket is advised.

Coats: Please make sure your child brings a coat so we can go outside!

Clothing: Please make sure that EVERYTHING is named! If it isn't, we will not be able to return it to the correct child.

If you have any questions, please either message me on Tapestry or come and see me after school.

Miss Theobald
